CURRENT CYCLE FINANCE CHARGE INFORMATION

There are 30 days in this cycle. The annual rate of interest that was in effect on this loan when this statement was created is 7.50000%. This rate, as well as any other rate changes during the month, will be used to calculate a daily interest factor and applied to all the daily balances of your account. To arrive at the daily balances, we take the beginning Principal Balance of your account each day, add any new advances and subtract any payments or credits.

From	Through	RATE TABLE Daily Rate	Interest Rate
02/22	03/22	0.0208333%	7.50%

In the event that the "default rate" becomes effective, this rate will be applied to balances from the default date through the end of this billing cycle.
